

## 10 Sure Ways to Start Increasing Your Income (Even in a Low-Paying Job)

### *Take Control This Month*

If you're currently in a low-paying job or feeling financially weak, rest assured---**you are not powerless!** You don't have to wait for a promotion, a positive call from your HR dept, or for the "*right time*." You can **start taking small, strategic steps this month** to boost your income and create a better financial future for yourself and your family and dependents.

This guide outlines **10 practical, income-focused actions** you can begin to research **immediately**. Whether you stay in your current job or plan to move on, there's **always something you can do** to increase your earning power. If you need help to think things through, reach out to a subject matter expert or someone who is doing what you hope to do, and ask them "How?" **Then take action!**

Remember:

- ✦ You don't need to do everything at once.
- ✦ Choose **one or two strategies** that match your interest or skill set.
- ✦ Take one bold step this week—and watch your confidence grow.

Your financial breakthrough doesn't start "someday." It starts with your next decision. **#TakeActionToday**
